Daily Care

A dog needs predictable routines and basic comforts every day. The essentials below are simple to track and easy to adjust as your dog grows or its activity changes.

Need	Guidance
Food	Offer measured meals at consistent times and choose food suited to age, size and health.
Water	Keep fresh water available and rinse bowls daily.
Walks	Provide daily exercise and sniffing time, adjusted for weather, age and fitness.
Rest	Give a quiet, comfortable place to sleep away from traffic and noise.

A Safe Home

Use this short checklist to keep the household comfortable and low-risk.

- Fresh water and food bowls are clean and stable.

- The dog has a safe resting area away from hazards.

- Toxic plants, chemicals, cords and small swallowable objects are out of reach.

- Windows, gates and doors are secure when needed.

- Identification, leash and collar are ready for outings.

Note: Ask a veterinarian about medical questions, vaccinations, diet changes, injuries or unusual behavior.
